About Mrs. Garcia

I grew up in Salina, Utah and then graduated with my Bachelors in Elementary Education from Southern Utah University in 2008. While I was going to school, I worked full time at elementary school with children with special needs. Once I graduated I moved to Payson and began working here at ALA. This is my eleventh year teaching first grade. I met my husband when I moved up here to teach, but he is originally from Mexico. We have two daughters named Ambriel and Delilah. My family loves animals, old cars, shopping, and eating good food.
