

How will incoming 1st grade students be selected for the program?

Placement in the program will be done through the lottery process. The lottery application is available on the school website.

Step 1

- Dual Immersion application submitted by deadline

Step 2

- Applicants of siblings already in program verified and selected.
- Applicants of proficient Spanish speakers verified and selected.

Step 3

- New and currently attending applicants verified and selected by random, computer generated LOTTERY.

Step 4

- Rosters created and communicated to parents: *2 first grade classes, 30 students per class, 60 students total.*

Step 5

- Any remaining applicants will be reassigned a random, computer generated number and placed on the waitlist accordingly
- Any applications recieved after deadline are placed on the list in the order they are recieved.
